Cultivating the peace

We understand that certain celebrations call for louder entertainment such as DJs, live bands, or fireworks - and we're happy to accommodate these at our venue. However, if you are booking the Banqueting Hall, Chapel, or Tea Garden, we strongly recommend reserving all hotel rooms on-site (as included in our fixed wedding packages).

This is because the hotel rooms are located near these venues and may be affected by noise. If rooms are not booked out by wedding guests, we will be obliged to honour the comfort and requests of other in-house guests, which may require lowering the volume.

When all hotel rooms are booked by your group, we do not anticipâtéany complaints, as none of the other accommodation options on the property are affected by event noise.

Don't get caught in the dark

With a 24-hour back-up generator we can ensure that your stay will be electrifying. Should you need to make use of any extra generators during the event we can provide this service.
